## BENTO BOX BLOCK

There is a great video tutorial by Fons and Porter illustrating a Bento Box Quilt using a jelly roll. Here's the link: https://www.youtube.com/watch?v=FJHrqPOsK1c

## CUTTING:

You will need two contrasting fabrics (1 and 2) for each block:
Cut two (2) $21 / 2^{\prime \prime} \times$ WOF strips - one from Fabric 1 and one from Fabric 2
Keep strips folded in half. Place the two (2) strips on top of each other and trim off selvage edge.
Fabric $\mathbf{1}$ is Yellow; Fabric $\mathbf{2}$ is Blue
Simultaneously cut and label the following:

## Cut and label the following segments:

1. One (1) $6 \frac{1}{2 \prime \prime}$ segment $(C)=$ two (2) $6 \frac{1}{2 \prime \prime}$ segment of Fabric 1 and two (2) $6 \frac{1}{2 \prime \prime}$ segment of Fabric 2

Two (2) $4 \frac{1}{2 \prime \prime}$ segment $(B)=$ four (4) $4 \frac{1}{2 \prime \prime}$ segment of Fabric 1 and four (4) $41 / 2^{\prime \prime}$ segment of Fabric 2
2. Two (2) $2 \frac{1}{2 \prime \prime}$ segments $(A)=$ four (4) $2 \frac{1}{2 \prime \prime}$ segments of Fabric 1 and four (4) $21 / 2 \prime$ " segments of Fabric 2

Remember: Fabric 1 is Yellow; Fabric 2 is Blue

$$
B-21 / 2^{\prime \prime} \times 41 / 2^{\prime \prime}
$$

$$
A-21 / 2^{\prime \prime} \times 21 / 2^{\prime \prime}
$$

This four (4) quadrant block consists of two (2) identical quadrants and two (2) mirror images of those quadrants.

## DIRECTIONS:

1. You will make two (2) identical quadrants for Sections 1 and 4 of the block and two (2) mirror image quadrants for Sections 2 and 3 of the block.

2. For quadrants 1 and 4 , sew the following pieces together in order as illustrated below using a $1 / 4 \prime$ seam. Press toward darker fabric.
a. Sew

b. Sew $B-2$ to the bottom of the $A-1 / A-2$ section

c. Sew B-1 to the right side of the section created in Step 2b.

d. Sew C-1 to the bottom of the section created in Step 2c.

Quadrant 1

Quadrant 4
3. You will now make Quadrants 2 and 3. These sections are identical and are the mirror images of the quadrants you made in Step 2.

For quadrants 2 and 3 , sew the following pieces together in order as illustrated below using a $1 / 4 \prime$ seam:
a. Sew

b. Sew $\mathrm{B}-1$ to the bottom of the $\mathrm{A}-2 / \mathrm{A}-1$ section

c. Sew B-2 to the right side of the section created in Step 3b.

d. Sew C-2 to the bottom of the section created in Step 3c.

4. Assemble the four quadrants to create the $121 / 2^{\prime \prime}$ (unfinished) Bento Box block as shown below:
